Revelation would descend upon the Messenger of Allah (may Allah's peace and blessings be upon him) on a cold morning and his forehead would stream with perspiration

‘Ā'ishah (may Allah be pleased with her) reported: Revelation would descend upon the Messenger of Allah (may Allah's peace and blessings be upon him) on a cold morning and his forehead would stream with perspiration.'

[Authentic hadith] [Narrated by Muslim]

The Mother of the Believers ‘Ā'ishah (may Allah be pleased with her) says in this Hadīth that revelation would descend upon the Messenger of Allah (may Allah's peace and blessings be upon him) on a cold morning and his forehead would perspire so much, due to the difficulty of receiving revelation.
