We participated with the Messenger of Allah (may Allah's peace and blessings be upon him) in seven battles wherein we ate locusts.

‘Abdullāh ibn Abi Awfa (may Allah be pleased with him) reported: We participated with the Messenger of Allah (may Allah's peace and blessings be upon him) in seven battles wherein we ate locusts.

[Authentic hadith] [Narrated by Bukhari & Muslim]

Allah, Glorified and Exalted, blessed the Prophet's Companions with seven battles wherein He provided them with locusts because they did not have sustenance, just like He supplied them in another battle with the sperm whale that was cast out by the sea, and they ate from it.
