A time will come when a man will go about with charity from his gold and not find anyone to receive it. One man will be seen being followed by forty women dependent upon him on account of the scarcity of men and the high number of women

Abu Mūsa al-Ashʻari (may Allah be pleased with him) reported that the Prophet (may Allah's peace and blessings be upon him) said: "A time will come when a man will go about with charity of gold and not find anyone to receive it. One man will be seen being followed by forty women dependent upon him on account of the scarcity of men and the high number of women."

[Authentic hadith] [Narrated by Bukhari & Muslim]

Money will increase so abundantly that no one will be found to take it. Men will decrease and women will increase, either due to wars or because more women will be born, to such an extent that for one man, there will be forty women, including daughters, sisters, and relatives, who will depend on him.
