# It does not befit the truthful one to frequently curse others

Abu Hurayrah (may Allah be pleased with him) reported that the Messenger of Allah (may Allah's peace and blessings be upon him) said: "It does not befit the truthful person to frequently curse others."

[Authentic hadith] [Narrated by Muslim]

Frequent cursing contradicts the perfection of truthfulness, which is a rank next to the rank of prophet-hood. It is one of the highest ranks that the believer may attain with Allah, the Exalted. Among the means to attain the rank of truthfulness is to avoid cursing.
