Allah said: If My slave draws close to Me by a hand-span, I shall draw close to him by a cubit, and if he draws close to Me by a cubit, I shall draw close to him by an outstretched arm span, and if he draws close to Me by an outstretched arm span, I shall hasten towards him

Abu Hurayrah (may Allah be pleased with him) reported that the Prophet (may Allah's peace and blessings be upon him) said: "Allah said: If My slave draws close to Me by a hand-span, I shall draw close to him by a cubit, and if he draws close to Me by a cubit, I shall draw close to him by an outstretched arm span, and if he draws close to Me by an outstretched arm span, I shall hasten towards him."

[Authentic hadith] [Narrated by Muslim]

If the slave gets close to Allah by a hand-span, Allah will get close to him by a cubit. If the slave gets close to Allah by something more than that, Allah will get close to him by an even wider span. If the slave comes towards his Lord, Allah will come towards him even faster. Getting close and coming forth are both confirmed attributes of Allah, Glorified and Exalted, and we believe in them without giving them a special form or example, and without distorting the meaning or interpreting them figuratively.
